I have been using Uber in my travels over much of the country for over a year and have been very pleased with their service. The immediate feedback each driver gets which all future riders can review means that I know no one has had any problems in the past. I do not have this security with any other taxi or limousine service.

You have been very short sighted by putting South Carolina into the "backwoods" .

I vote for keeping Uber. I feel it is my right to have and use the service I choose and not be limited to taxis.

There is a reason uber works elsewhere! It's affordable and protects people from drinking and driving. Charleston,sc, my hometown, has seen its fair share of drunk driving accidents and DUIs. Uber is affordable and easy. Let it stay!!

Foolish and nieve to ban Uber. Check the fact first...examine costs and help service the public....not stand in its way
